

PAULINE ANDREWS

August 20th

C.N.T.

To Whom it may concern:-

How dare Mr. Harper think he can deregulation of the Postal Service. He wants to take away my delivery person or my right to communicate.

I live on my own & my delivery person is a friend. He works hard in summers & winters especially this last Winter.

I write a lot of letters, not on the computer, to people in this Country & overseas. I also advocate & write to M.P.'s M.P.P.'s and anybody else I think I should.

Thanks for putting your ad in "Peterborough This Week".

I support you.

Pauline Andrews.
