

From Ron Rousseau Pres of Whitehorse –posted on Facebook

Over the next few months, our Conservative federal government is conducting a review that will determine the future of universal, public postal service. This review is pretty much a secret review and it could be very bad news for rural communities.

Be advised that not only as the President of the Whitehorse Local Union of Postal Workers and Board member of the Federation of Labour. I am requesting your help in ensuring that there is Postal Service available in all the Northern Communities.

Thanks and would like all your support.  
Please Contact me for any further information,

Ron Rousseau
