To Whom It May Concern:
Re: Canada Post Corporation Strategic Review

At their regular meeting of July 9, 2008, the Village of Goodsoil Council, Goodsoil SK, passed the following resolution:

#133/2008 That a letter be sent to the Canada Post Corporation Strategic Review in support of maintaining universal public postal service.

Canada Post has had a long standing tradition of service to the Village of Goodsoil & District. We are pleased with that tradition of service and the level of professionalism that the Corporation brings to and expects of its personnel. Professional, competent and efficient mail service has been the norm here – a norm that comes from a corporation whose business is focused on managing the mail.

Council is concerned about the implications of a deregulated service. They are also concerned that the strategic review process apparently does not include any public hearings. Public hearings are typically one of the main “vehicles” by which rural people have an opportunity to collect facts and process decisions. We would therefore respectfully ask the Review Panel to give consideration to this important process.

Sincerely,

Murray Rausch
