Canada Post Corporation Strategic Review

330 Sparks Street (HCCR)

Ottawa, ON

K1A 0N5

Dear Sir:

Town Council has been informed that Canada Post is undertaking a Strategic Review and that an integral part of this review includes deregulation.

The Council of the Town of Langenburg wishes to express their opposition to deregulation of our public post office. Having a reliable and affordable postal service is very important, especially in rural areas. Deregulation would result in a reduction of service and increased costs in rural areas due to the lower volume of mail and lower profitability as compared to larger urban centres.

Deregulation may work in large urban areas where access to other services is available. However Rural areas do not have the same options and therefore a reliable public postal service is an important element to the economic well being of Rural areas.

Sincerely

H. McCullough

H. McCullough
