Canada Post Corporation Strategic Review
330 Sparks Street (HccR)
Ottawa, Ontario
K1A 0N5

To Whom It May Concern:

The R.M. of Shoal Lake Council would like to express their opposition to the deregulation of Canada Post. In small communities the post office is a vital service to the public. Canada postal service is viewed as being an affordable secure method of transferring mail. We also feel that involving the public through public hearings is a procedure that is necessary to get true feed back from your users.

We hope that you have taken our concerns into consideration.

Yours truly,

Nadine Gapka
Chief Administrative Officer
R.M. of Shoal Lake
