

Canada Post Review Committee

Just a note to let you know that we fully support Canada Post continuing to do business as they are now. We do not want to see it privatized or done away with. We also do not want to see a reduction in services. I do not understand what the current government is trying to do by even reviewing it. They are completely self-supporting. Even turning a profit !

Bottom Line: Leave it alone !

I am sure a vast majority of Canadians would be disappointed in any change.
