

Canada Post is doing a good job as is. Please don't subject Canada Post to deregulation, there are enough examples of deregulation disasters such as the Energy sector. With NAFTA that would certainly mean the Americanization of our Postal system and create further inroads to Canadian Sovereignty. As a Canadian Citizen I ask you to Defend Canada Post and keep it Canadian. We have to stop this terrible trend to privatize everything just to please the Americans. Let's keep Canada Canadian and Be proud of it.

Sincerely

Louis H. Zuccato
